Mountaineers End Series With Win; Honored Saturday

Truckee Ends As Top Hitting Team Of P.N. League

The Truckee Tahoe Mountaineers wound up the 1950 Placer Nevada League series by defeating Nevada City at the county seat diamond 7 to 6 in a thrilling ninth inning rally.

With two on and two out in the top half of the last inning and Truckee trailing by one run, Frank Giovannoni banged out a single, scoring two runs. Manager Tom Dolley pulled Charles Perry off the mound in the ninth for a hitter and Giovannoni finished the pitching without allowing a hit.

It was one of those games that kept fans on the edges of their seats throughout the contest.

Truckee took the lead 3 to 0 in the second inning but Nevada City surged ahead in the fourth with five runs, adding a tally in the sixth to take the lead 6 to 3. The Mountaineers scored a run in the sixth and put three across in the ninth to win.

Eddie Ulsheimer, hitting star for the locals as well as a fine performer at short, and Mike Korich, the old reliable workman back of home plate, each got two for four. Johnny Faight was hit twice by a pitched ball and played faultlessly at second. Bill Conners at third, who has done a swell job throughout the season, got one for three. Christie at first and Art Williams at left field each hit one for four.

The locals ended the second half in fifth place with four wins and four losses, but led the other eight teams in hitting with an average of .332 with Roseville a close second with .329.

Joe Moreno, Auburn pitcher led the league in hitting for the season, getting 20 in 41 trips for an average of .488. In second place is Ed Ulsheimer, Mountaineer shortstop, with 33 hits in 68 trips for an average of .485.

With nearly everyone talking and thinking about taxes, it might be well to point out an important fact which is evidently not clear to everyone. Despite a general belief to the contrary, not one cent of the county or local district tax money goes into building, maintaining or improving streets and highways in this district. This money comes from various state allocations, such as motor vehicle fees and licenses, gasoline tax and special appropriations. The Truckee district supervisor is making vast improvements in the roads throughout the area and was instrumental in obtaining a full share for his district, but does not spend a cent of money collected on tax bills.

Ancient Autos To Tour This District On Next Weekend

The ancient autos are coming.

The horseless carriages of another era will travel the highways of California and Nevada August 25, 26 and 27 when the Horseless Carriage Club of Nevada sponsors the Lake Tahoe tour.

Fifty cars, all of them built before 1915, will make the trip by way of Carson City, the south end of Lake Tahoe, and return to Cal-Neva Lodge for the first night's stay, as the guests of the lodge.

From there, the trip goes along the shores of beautiful Lake Tahoe through Tahoe City to Squaw Valley.

Lunch the second day out of Reno, will be served at Donner Lake Lodge. From Donner Lake to Reno, the tour will travel Highway 40, via Truckee, and a torchlight parade will conclude the tour with the route of the parade including both Reno and Sparks.

Bill Harrah, Reno sportsman, is the host of the tour. The tour of the cars to Virginia City and the subsequent parade last year was televised and has been enjoyed by more than 25,000,000 people on the television screens of the nation. Music will be furnished along the route and at all stops.

Mechanics and tow cars will assure all drivers of the ancient autos a safe trip from Reno, through Carson City and the high Sierra. The scenic grandeur of the trip plus the fact that the cars always attract much attention from spectators, assure this second annual tour of the Nevada Horseless Carriage Club a success rivalled only by the first tour.

Mapes Jr., Reno, won the 165 HP race in the Gloria M, 4:13; second, Carl Bechdolt Jr., Tahoe City, in CS Parky, 4:18; Randy Walker's Ranjac VI, third, 4:24; Dallman's Hardwa, fourth, 4:27.

The 325 HP four-lap race was taken by Henry J. Kaiser's Lemme Go First, driven by Max Collins, 6:05; Brad Baruh, San Francisco, in Shooting Star, second, 6:18; E. L. Oliver, Piedmont, in Hey There IV, third, in 6:31.

The free-for-all Lake Tahoe championship over four laps was the most exciting event of the meet, Kaiser's 1700 HP Alison-engined Hornet crossing the finish line just three seconds ahead of Richard Scott, Piedmont, who thrilled the crowd in his 1-E speedster equipped with a "hoppel up" Ford motor, estimated by experts to be capable of developing 200 horsepower. Scott was national champion in his class in 1949 and has accumulated many points as a contender for the 1950 championship. He won first places at San Diego, Sacramento, Stockton, Long Beach, San Rafael, Clear Lake and seconds at Oakland Estuary and Lake Merritt. Kaiser's time was 6:10 and Scott's 6:13. Mapes' Gloria M was third; Baruh's Shooting Star and Oliver's Hey There IV trailing in order.

The novelty Bang-and-Go-Back was entered by seven craft with Mapes' Gloria M winning, going out in 2:03, returning in 2:01. Second place was a dead heat between Baruh's Shooting Star and Dallman's Hardwa. The handicap race was won by Dick Rowley, Reno, in Miss Pam. Oliver's Hey There IV, Bechdolt's CS Parky, Marpes' Gloria M, Baruh's Shooting Star, Dohrmann's Miss Guided Missile, Murphy's Toss and Dallman's Hardwa finished in that order.

Mapes captured five of the day's trophies, among them the Perpetual Cup, given by the Tahoe Yacht Club to the member getting the most points for the events entered. He accumulated 30 points with Randy Walker, former holder, getting 28. The Jake Obexer Chevron trophy also was won by Mapes.

Water skiing exhibitions were put on between races, with 5½ year old Nei Orsi of Stockton the star attraction. Prizes were awarded on the pier at the conclusion of the events.

The annual meeting of the yacht club was held at Chambers' Lodge Saturday noon, highlighted by election of officers. The new commodore is Rudolph Zimmerman of San Francisco and Sunnyside, Lake Tahoe. Other new officers are George Lewis, vice commodore; Brad Baruh, port captain; Randy Walker, rear commodore; E. L. Oliver, secretary-treasurer; John Dicks, assistant secretary; Ollie Meek, regatta committee chairman.

Last year's officers included R. Stanley Dollar Jr., commodore; Carl Bechdolt Jr., vice commodore; James McClatchy, rear commodore; Oliver and Dicks are holdovers in their positions; John Metcalf, port captain; Brooks Walker, chairman ofthe regatta committee. On the commitee with Walker were Brad Baruh, Ken Scott, Burt Towne Jr., J. Carroll Skinner and Leonard S. Reeve; Randy Walker, publicity; Dave Chambers, official starter; Mr. and Mrs. Fred Hallett, timers; E. L. Oliver, J. Carroll Skinner, Fred Main and B. A. Towne, judges.

SALMON FISHING IN TAHOE PROMISED WITHIN FEW YEARS

TAHOE CITY— California anglers may look forward to catching red salmon in Lake Tahoe after 1953.

Concluding the second phase of a joint four-year planting program with the State of Nevada, California's division of fish and game has announced the stocking of 613,475 kokanee salmon in the lake since 1949. The cooperative venture was started last year with the planting of 90,000 fingerlings in the lake and its tributary streams.

With kokanee eggs purchased from the State of Idaho, the bureau of fish conservation plans to continue the planting of fingerlings until 1553. After that time, natural reproduction is expected to build up the population sufficiently for good fishing.

The land-locked kokanee, as a game fish with practically no undesirable characteristics, is hoped to be the answer to better fishing in the big lake. It does not feed on other fish and will not conflict with the local trout populations.

A four-year interval is required for the fingerlings to mature and spawn, after which anglers from both states may go after the fighting salmon.

Four California lakes were first planted with the landlocked salmon in 1941. Catches of 12 to 14 inch kokanees have been hauled out of Donner Lake since 1948.

SURVEY PLANNED OF PUBLIC LAND IN LAKE DISTRICTS

AUBURN— A survey of title to all county and publicly owned lands in the Placer County area of Lake Tahoe may be included in the 1950-51 budget by the board of supervisors.

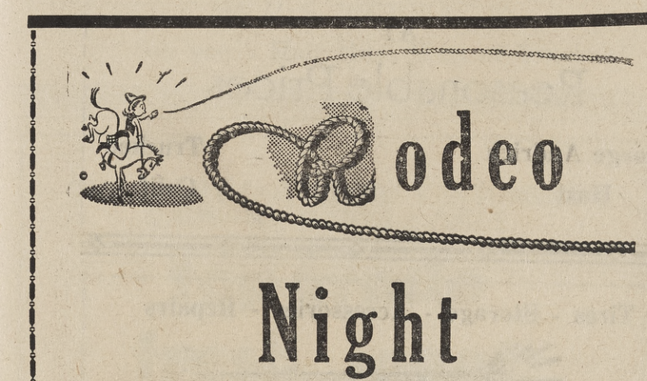

At its last meeting the board authorized the Placer County Title Company to submit an estimate of the cost of such a study before the final budget hearing August 18. It would entail a study of the title records of all beach propertf between the Nevada and El Dorado County lines, as well as all roads leading to the beaches.

This matter was brought to a head by the a recent dispute over the fencing of a beach in the Homewood district. With reference to this dispute, the board received a letter from Miss Jennie A. McConnell of Sacramento who stated her late father, Thomas McConnell, gave the county a strip of land 40 feet wide, bordering the lake in the Homewood area, for use of all residents in the area. It was his intent that title would not pass to any private individual, she said.

The area involved was described as being between Cherry St. and South St. in the Homewood tract.

Returns Home—

Timmy Collins, son of Mr. and Mrs. George Collins of San Anselmo and grandson of Mr. and Mrs. Rob Watson of Tahoe City, has returned home following a month's vacation at the Watson Mill, a few miles north of Tahoe City.

A BUSINESS BUILT ON SERVICE

Best way to spruce up a telephone is with a soft, dry cloth...never with water, or any other liquid.

HOW TO TREAT YOUR TELEPHONE

Suggestions to help protect your service

1. A twisted cord can lead to trouble. Although the wires are especially designed for flexibility, too many twists and kinks may eventually break them and interfere with service until a repairman can call. Good idea to get the curls out by letting the receiver dangle and unwind by itself . . . then keep them out by remembering, each time you call, not to put turns in the cord as you handle the receiver.

2. It's built to take it . . . but your telephone can develop ailments if it's dropped. So make sure the stand it sits on is solid and is in a spot where it won't be accidentally bumped. Other ways to help protect service: Avoid "gadget" attachments for your telephone . . . keep cords clear of doorways where they may be pinched . . . and always keep water away from wires and fittings.

3. Did you ever stop to think that your telephone is one service or piece of equipment in your home that's repaired and maintained for life at no extra cost to you? It's one of the values included in the rates you pay for service . . . rates that make your service a real bargain today. For the telephone takes an even smaller part of the family budget than it did ten years ago. On the average, rates have gone up less than half as much as the cost of living generally.

New Officers Needed On State Patrol

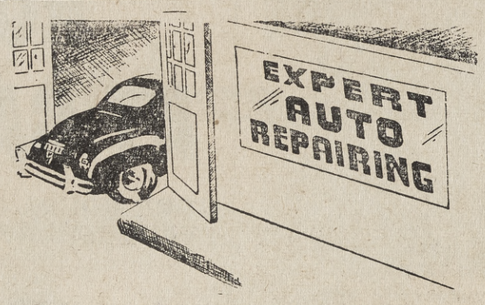

The ranks of the California Highway Patrol are to be increased as a result of legislative action authorizing the employment of additional state traffic officers.

Commissioner Clifford E. Peterson of the patrol advises the new officers will be appointed from employment lists established by competitive civil service examinations to be held throughout the state October 7. Applications must be filed with State Personnel Board offices on or before September 8.

Peterson observed that duties of the state traffic officers are complex and applicants must meet higher entrance requirements than any previously established by the personnel board.

SWANEE'S TAHOE LETTER

Tahoe City, August 14

Dear Tahoeites—

Mr. and Mrs. Floyd Carnell of Tahoe City last week received their first word from their son, Howard, who is believed right in the center of the Korean war by this writing. As I write today, August 14, Howard is observing his 19th birthday, somewhere with the U.S. Marines on far-away shores. Although his family was unable to send him the usual gifts and salutations on time, they will be arriving as soon as possible. For the sake of all his many friends in this area, I am herewith supplying his new address and do hope all will write and bring him a bit of cheer. It is PFC Howard L. Carnell, 1091343, 1st Medical Bn., B Co., 1st Marine Brigade, c-o Fleet Post Office, San Francisco. His Sierra Sun will be on its way this week—and a belated happy birthday, Howard.

Starting work at the Sacramento Air Depot today is Dick Clarke of Homewood. He is employed under civil service as an instrument specialist. During the last war, he was in charge of the instrument shop at the depot and served three years in the air corps in the European theatre in that capacity. He left Tahoe on Sunday to seek living accomodations in the capital city and will be joined later by his wife and two daughters, Pamela and Penny. His weekends will be spent at his Tahoe home during the rest of the summer. Because of his new task, he was unable to drive the Rudolph Zimmerman speedboat last Sunday in the races here, and so the new commodore's name was not among the winners.

Latest word from the Charles Henriksons of Lake Forest is that the army has granted Charles a 30-day respite from duty. After that he must report to Hamilton Field, where he expects to do administrative work for the air force. Charles says he was a mite surprised to be called so soon but he recollects that he did sign up for his stint in the air force reserve for three years. Four years in the infantry during the last war, hiking across Germany and France, made the air arm look mighty attractive. His wife, Eunice, probably join her parents, the Joseph Duffees, who have left Lake Tahoe for the time being for Sacramento, to await the arrival of the stork this fall.

Accepted Dave Chambers' invitation to dinner at his resort Sunday after the races and at the conclusion of a delicious repast, stopped by the table occupied by Mrs. Charles W. Mapes, her son Charles Jr., her niece and husband, Lt. and Mrs. John M. Murphy of Staten Island, N. Y. They were over from Reno for the racing and young Mapes had accumulated five prizes with his speedster, Gloria M. I was interested to learn a bit of the history of Lt. Murphy. He is just 24, graduated in June as the highest ranking cadet and first captain of the corps of cadets at West Point. He was presented the Pershing Sword by General Charles G. Dawes and a cup given by the Sons of the American Revolution of New York for being the highest ranking cadet in military efficiency. The Murphys are enjoying their Lake Tahoe visit and are planning to make every moment remaining in August memorable, for at the end of that time Murphy must sail for Japan, where he will go into active service. Charles Mapes Jr. represents a third generation of his family in Nevada, a descendent of prominent bankers and cattlemen. At the age of 24 he started the famous Mapes Hotel in Reno, opened and operated it. He served in the last war overseas for four years in the Naval Air Transport Service. This is his second year of racing and he and his family were thrilled with their beautiful trophies won last Sunday.

Bob Scates announces all in readiness for the rodeo to be held near Tahoe City August 20 with 20 entries already in saddle bronc, bareback, calf roping and wild cow milking. The show begins at 2 p.m.

See by the papers where former Tahoeite Ruth Ables was married on August 7 in Auburn to Wm. J. Holmes of Roseville. Here's wishing them happy days.

Word was received on August 12 by Floyd Carnell of Tahoe City informing him of the death of his 86-year-old mother, Mrs. Rebecca Carnell of Keyser, West Virginia. The Carnells enjoyed an extended visit at his mother's home two years ago.

Recent visitors at Tahoe City were Mr. and Mrs. Tejas Edwards. They formerly were employed at the Tahoe fish hatchery but now reside in Los Angeles where he is working for a large plastics firm. Their son, Robert, will enter a San Rafael school to prepare for the priesthood.

On a recent Sunday, the radio program "Stop the Music" called the telephone number of Kenneth Shultz of Tahoe City and asked Shultz, who answered, the name of the tune the orchestra was playing. Without hesitation he named it and for his correct reply, the Shultz family will soon be the possessors of a modern gas range, equipped with all the gadgets dear to the housewife's heart. Mrs. Shultz declared the radio reception was so poor they could hardly hear the tune being played and neighbors who rushed in the congratulate them had to tell them what prize they had won. If the Marine Reserve does not call Sgt. Shultz back in the near future, the family is going to build a new home in Pineland, Lake Tahoe, in which they will install their new range. All this good fortune because Shultz amuses himself with the harmonica—and happened to know the right answer.

Mr. and Mrs. Art Sather of Auburn are enjoying a vacation at their lakeshore home in Homewood. Recent houseguests were Mrs. Sather's brother-in-law and sister, Mr. and Mrs. Lester Miller of Rio Vista. The Sathers enjoyed a leisurelf jaunt of three weeks to Laguna Beach and Santa Monica before leaving for Tahoe.

Mr. and Mrs. Jack Kemp of Sacramento were guests last week of Mr. and Mrs. Ray Frazier of Lake Forest. Kemp formerly operated the Standard Service Station at the Tahoe City wye. Jimmy Frazier, son of the Ray Fraziers, is critically ill in a Los Angeles veterans hospital where he must remain indefinitely for treatment, according to word received by his parents.

Will ring off for the week, wishing you all good luck, good cheer and the best of good health, as ever,

Want to drill an oil well? Here's all you need

There *may* be oil under your backyard ... but you might as well face the fact that it will take a bit of doing to find out.

The picture above shows all the men and materials needed to drill one 10,000-foot exploratory well here in the United States. Total cost will be anywhere from $125,000 to $1,000,000 depending on conditions encountered.

Will oil be found? Even with the best scientific help only about one out of every five exploratory wells drilled "come in."

The search for oil is a risky, expensive business, but it goes on every day in many parts of the world. In 1949 alone, we drilled 28 exploratory wells at a cost of $6,385,000 ... six striking oil.

A great share of the profits of Standard of California goes back into the business in exploration of this kind ... and in building new refineries, new pipelines, new storage plants and other facilities. From these come good petroleum products to serve you well ... petroleum products to add still more strength to our nation in the uncertain days ahead.

The Lake Tahoe Chamber of Commerce will be open for seven days a week for your convenience and Friday and Saturday evenings until 9 p.m. Mrs. Lillian Rood has been employed to relieve Mrs. Evelyn Mandeville during the extra hours. Remember to call Brockway 61W for information in placement of vacationists seeking accommodations. If you have such units, list them with the chamber of commerce. Those who wish to become members of the organization may call the office or contact local directors. A meeting of the group will be held in the Carpenters' Hall at Kings Beach on September 7 at 8 p.m.

The annual picnic of the Wee Kirk of the Pines will be held on August 24 at the home of Mrs. Anna Blaue in Tahoe Vista.

Seven regular members and a visitor held Bible study in the home of Mrs. Ed Dickow Tuesday afternoon.

The Woman's Society of Christian Service will hold a bazaar and food sale on August 19 in the recreation center at Kings Beach, beginning at 10 a.m. and ending when all is sold. Everybody is invited to come. A meeting of the group will be held on August 22 in the home of Mrs. Mosier at Crystal Bay.

"Pappy" Brooks' mother, Mrs. Gaugmer, 82 years young, went back to her Paradise home to complete the sale of property there before returning to the lake where she recently purchased the Burch property on Rainbow Avenue, Kings Beach. This dear young lady should be a shining example for some of us who have ceased to take an active interest in life long before reaching that venerable level in our present sphere.

Gene Denton of the sheriff's office at San Jose, with his wife, Mary, and two cousins, are vacationing at North Tahoe. They first intended to stop at The Burroughs before going on to Reno and Yosemite. After seeing Tahoe and filling their lungs with pine-scented ozone, they decided to skip Yosemite this year and enjoy the beauty of the Lake of the Sky at greater leisure.

The A. E. Abbotts received word from son Aaron from Bakersfield, that he is bound for Alaska where he will be employed for a couple of months. His wife, Catherine, and son will join him following a visit with the Abbotts at Lake Tahoe.

Judy Garland, of film fame, who was spending the weekend at Cal-Neva Lodge, suffered minor injuries in an automobile accident near the lodge Friday night. With Bob Scott driving, the car struck a rock not far from the resort, blowing out a tire and throwing Miss Garland against the windshield. She suffered a minor laceration of the nose and was treated privately at the lake. She had planned to spend another week at the lake but left following the accident. A dinner party was given in her honor just prior to the accident by Douglas Ross, manager of Cal-Neva, and attended by Rhonda Fleming, another movie star currently vacationing at Lake Tahoe; Bob and Jim Stack, Lake Tahoe residents; and Scott, who owns several power launches on the lake.

Tarzan

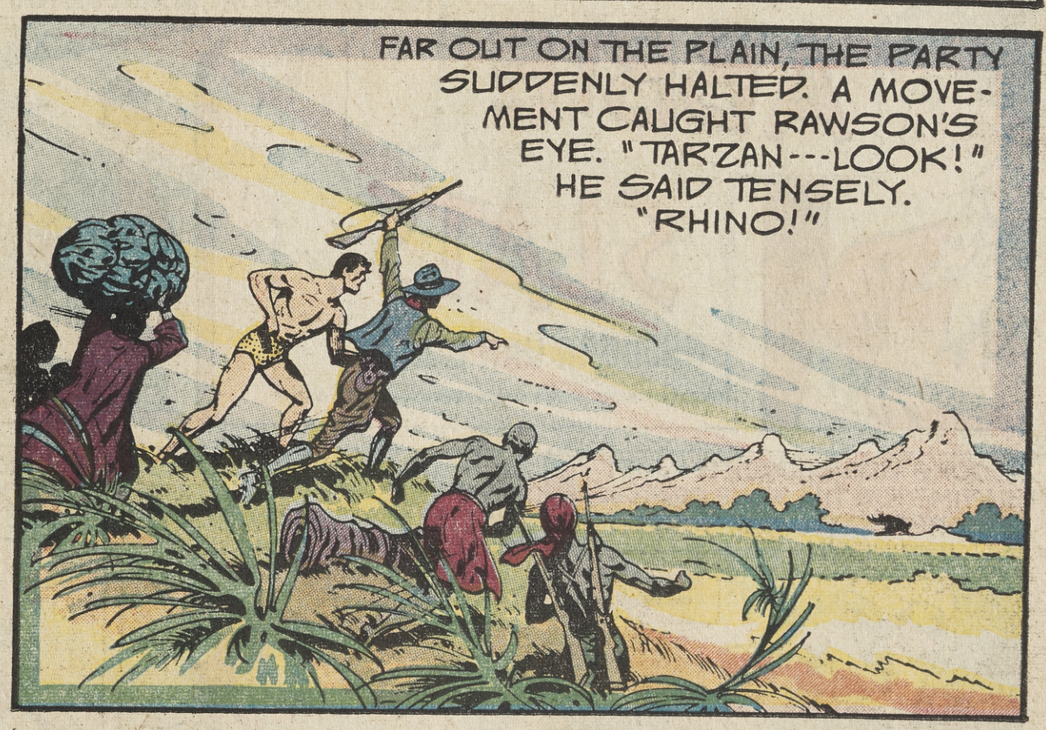

AS RAWSON ASKED TARZAN'S AID IN CAPTURING A RHINO AND GORILLA, TARZAN AGREED TO HELP IN THE RHINO HUNT--- BUT WITH THE GORILLA--- *NEVER!*

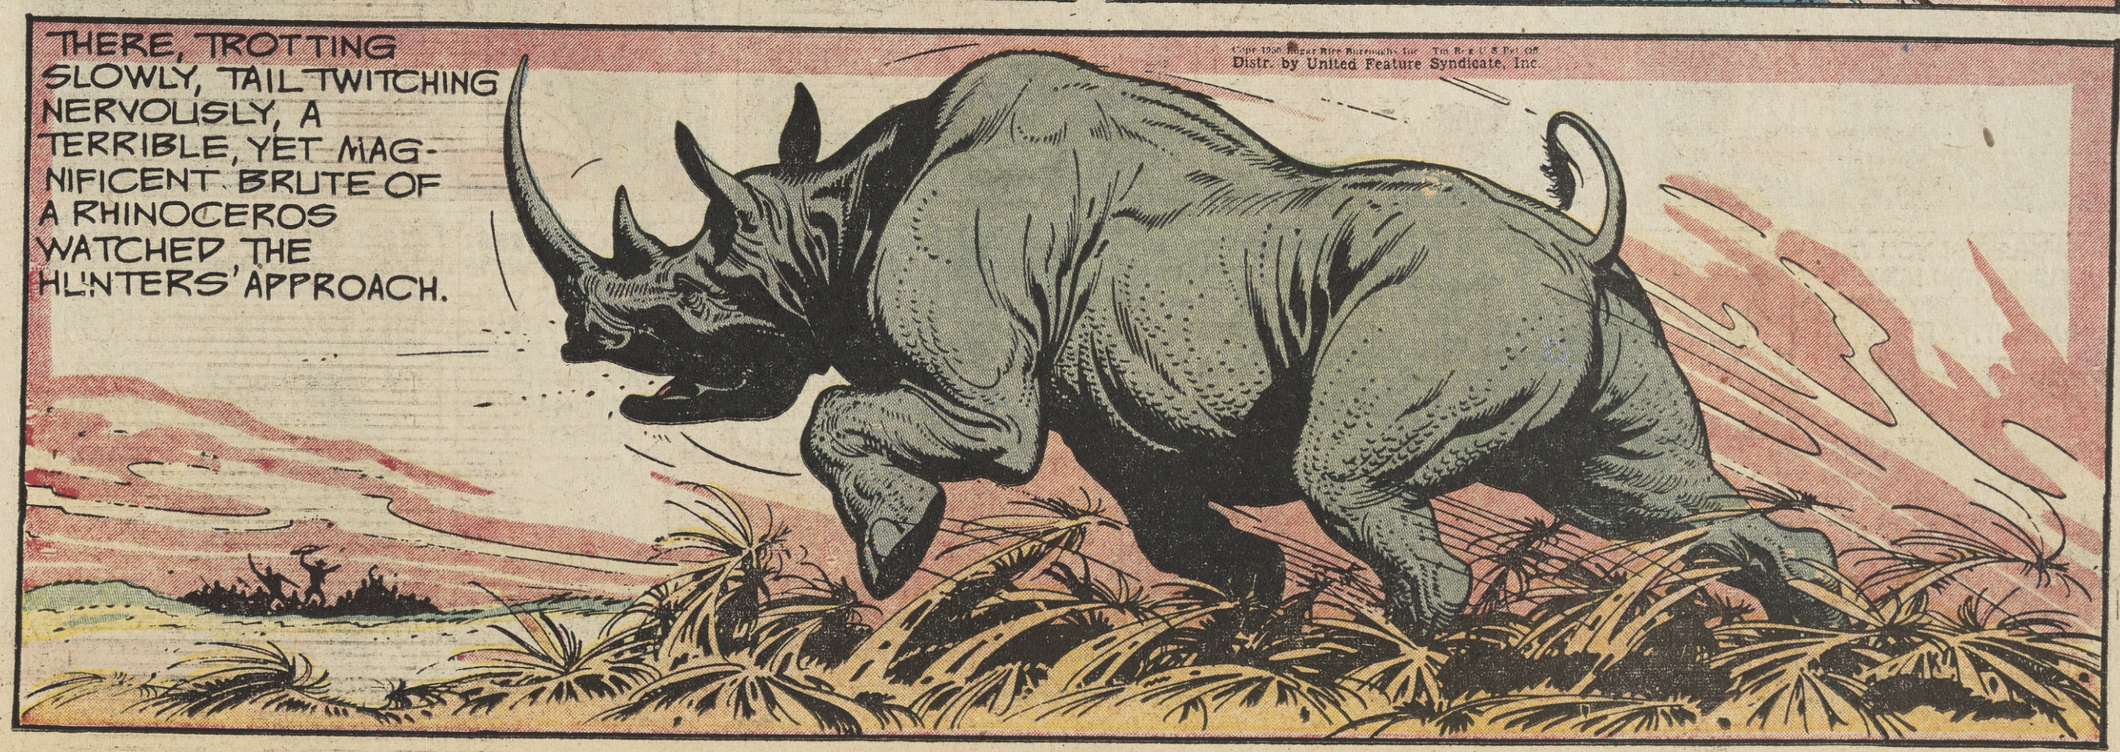

NOW, GUNS AND EQUIPMENT IN ORDER, THE CAMP WAS ALERTED FOR DEPARTURE. WITH RAWSON AND TARZAN IN THE LEAD, THE PARTY HEADED ACROSS THE PLAIN. THE RHINO HUNT HAD BEGUN!

"TAKE CARE!" TARZAN WARNED. "WHEN WE SIGHT THE RHINO, STAND YOUR GROUND. RAWSON WILL PROTECT YOU!"

FAR OUT ON THE PLAIN, THE PARTY SUDDENLY HALTED. A MOVEMENT CAUGHT RAWSON'S EYE. "TARZAN---LOOK!" HE SAID TENSELY. "RHINO!"

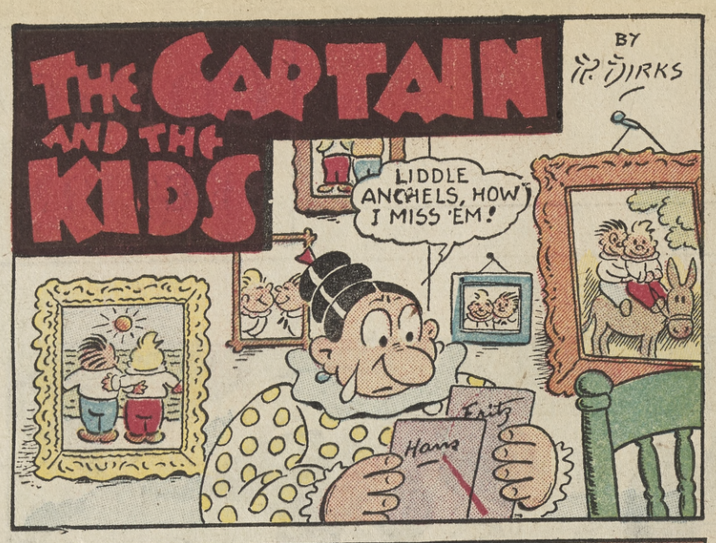

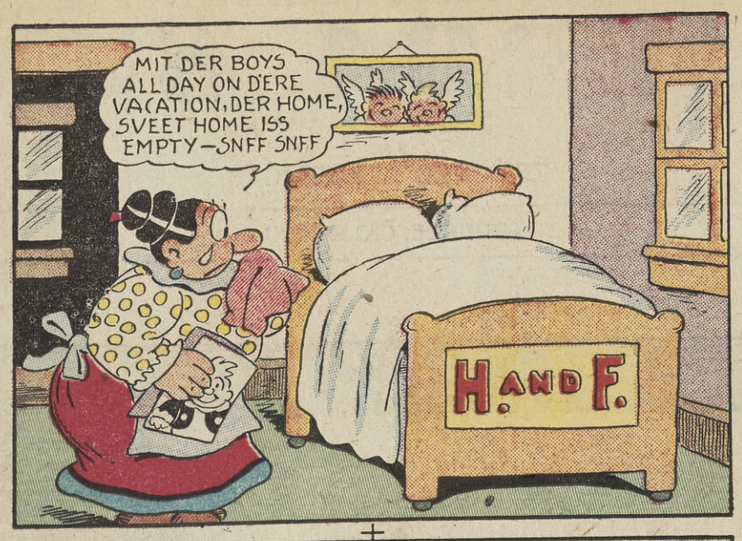

THERE, TROTTING SLOWLY, TAIL TWITCHING NERVOUSLY, A TERRIBLE, YET MAGNIFICENT BRUTE OF A RHINOCEROS WATCHED THE HUNTERS' APPROACH.
